

# LED PANEL 600X600

Technical Details

LED LIGHTING SPECIALISTS

## Features

- emergency and dimmable options available
- save up to 60% in energy savings
- low power, low heat, long life
- standard 3 year warranty
- outperforms traditional 4x18W fluorescent fittings

## Specifications

| <b>Lighting Performance</b> | <b>CW</b>                                           | <b>NW</b> | <b>WW</b> |
|-----------------------------|-----------------------------------------------------|-----------|-----------|
| Lumen Output                | 3200lm                                              | 3150lm    | 3100lm    |
| Colour Temperature          | 6000k                                               | 4000k     | 3000k     |
| CRI                         | >80                                                 |           |           |
| <b>Operating Details</b>    |                                                     |           |           |
| Power Consumption           | 40W                                                 |           |           |
| Ambient Temperature         | -15 to +45 Degrees C                                |           |           |
| Beam Angle                  | 120 Degrees                                         |           |           |
| Life Expectancy             | 30,000+ Hours                                       |           |           |
| <b>Physical Details</b>     |                                                     |           |           |
| Dimensions                  | (H) 595mm x (W) 595mm x (D) 8mm                     |           |           |
| Options                     | Emergency, Dimmable & Fire-Rated versions available |           |           |
