

**Features**

- On-board driver technology
- Powered by Luxeon Rebel
- Built-in thermal protection

The Polaris is a compact single LED fitting, ideal for in-ground or flush-mounting applications.

Typical applications for the Polaris include decking areas, water features, walkways, residential, hotel and bars, and club environments.

It is also suitable for flush ceiling or canopy lighting applications and is available in various single colours.

Ideal for wet rooms and bathrooms.

Also available as dimmable constant current. Other bezel styles and finishes on request.
