NEON FLEX

Technical Details

Features

High powered LED Strip enclosed in a waterproof diffuser

Great for commercial applications such as bars or clubs

Specifications

Lighting Performance			
	Warm White	Cool White	RGB
Light Source	Surface Mounted LED		
LED Quantity	140 Per Metre		
Lumen Output	763lm/m	864lm/m	variable
Expected Lifetime	15,000 Hours+		
CRI	>90		
Input Data			
Input Voltage	24V DC		
Input Connection	Flying Lead		
Operating Details			
Power Consumption	14.4W/m		
Ambient Temperature	-10 to +40 Degrees C		
Physical Details			
	Warm White	Cool White	RGB
Reel Length	5 Metres		
Cut size	Every 50mm	Every 50mm	Every 65.2mm
Ingress Protection	IP66		
Other Details			
Colour Options	Warm White, Cool White, RGB
