

P1 - 5W/M FLEXIBLE LED STRIP

Technical Details

Features

Can be cut to length

Easy Installation & Weatherproof

Specifications

Lighting Performance

Light Source	Surface mounted LED
LED Quantity	60 Per Metre
Lumen Output	450lm Per Metre
Expected Lifetime	50,000 Hours+
CRI	80

Input Data

Input Voltage	24V
Input Connection	Flying Lead

Operating Details

Power Consumption	4.8W/m
Ambient Temperature	-10 to +40 Degrees C
Viewing Angle	120 Degrees

Physical Details

Reel Length	10 Metres
Dimensions	W12mm x L5000mm x H4mm
Length	Cutable every 100MM
Ingress Protection	IP67

Other Details

Colour Options	3000K, 6000K
LED Type	3040 SMD
Adhesive Backing	3M foam adhesive on rear surface
