

Features

- Can be cut to length
- Ideal for cove lighting and under-shelf applications
- Highly resistant to any physical damage
- Spotting eliminated, continuous line of light

Specifications

Lighting Performance

Light Source	Surface Mounted LED
LED Quantity	320 per metre
Lumen Output	970lm – 1032lm per metre
Expected Lifetime	30,000 Hours+
CRI	>90

Input Data

Input Voltage	24V DC
Input Connection	Flying Lead

Operating Details

Power Consumption	10W/m
Ambient Temperature	-10 to +40 Degrees C

Physical Details

Max Run	5 Metres
Cut Size	Every 50mm
Ingress Protection	IP20

Other Details

Colour Options	2700K, 3000K, 4000K
Adhesive Backing	3M Adhesive on rear surface
